INTRODUCTION

AND

GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1955 edition of the Concord City Directory, which also includes Beverly Hills, Brown Mill, Cannon Mill, Franklin Mill, Grove Park, Hartsell Mill, Jackson Park, Shankletown, Sides Town, Silver Hill, and the rural routes emanating from the Concord Post Office.

Confidence in the growth of Concord's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Concord to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the results of their labors will meet with the approval of every user, and that the Concord Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments

The five major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the first major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Concord and vicinity and on the Concord rural routes, and the name, official personnel, nature and address of each firm and corporation.

THE BUYERS' GUIDE, the second major department, printed on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Concord and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Concord, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is the third major department, printed on yellow paper. This department lists the names of all business and professional concerns of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the

community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the fourth major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fifth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Concord and vicinity.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Location

Concord, county seat of Cabarrus County, is located in the heart of the Piedmont section of North Carolina, almost midway between Washington, D. C., and Atlanta. It is only 124 miles from the State capital, Raleigh. The land surrounding Concord is gently rolling and well drained, with a plentiful water supply. The population of the city, according to the 1950 U. S. Census, was 16,486, and of the county, 63,783.

Climate

The climate in and around Concord is ideal; the average annual temperature is 62.6 degrees. Temperature ranges from 42.3 in January to 78.8 in July. Pleasant, mild weather is

Downtown Street Scene in Concord

enjoyed for more than six months of the year—60.6 in spring; 61.9 in fall. The average winter temperature is 49.5. Naturally, there are a few extremes in weather. The elevation is 705 feet above sea level.

History

Concord was founded in 1793 by Scotch-Irish and German-Dutch settlers, and named Concord when the two factions settled a dispute over the location of the county seat. The first court house was built in 1796. In 1872 a new and larger court house was built, but three years later it was destroyed by fire. The present court house was built in 1875.

The first gold discovered in the U. S. was in Cabarrus County in 1799. The nugget weighed approximately 17 pounds. In 1903 a nugget was found which weighed 28 pounds, one of the largest ever found, and a replica of this nugget is in the Smithsonian Institute in Washington, D. C.

The name, Concord, has prophetic significance. The city has lived up to its name in mutual understanding and helpfulness among its citizens.

Concord's growth has been accomplished through working together, sharing together, and planning together for a better city and a better citizenship. It is a city that honors its past, that fosters civic pride in building for a better future.

Government

Concord is administered by a board of aldermen and a mayor, who are elected by the people. Every man on this board is a business man, and the city is run on a business basis. Cabarrus County is governed by a board of county commissioners, who are elected by popular vote of the citizens. The City and County government is among the best to be found anywhere.

Concord Community Boys' Club

Transportation

Concord is on the main north-south line of the Southern Railway, and also is served by the Carolina Trailways Bus Line and the Queen City Buses. Five trucking and transfer companies operate out of Concord. City transportation is provided by a local bus line and ample taxi service. National transfer companies make daily pick-up and deliveries in Concord. Although there is no direct air travel from here, excellent accommodations can be obtained only 21 miles away.

Communications

The Concord Daily Tribune, published daily except Saturday, and one radio station, WEGO, operating on a frequency of 1410 k.c.'s and 1,000 watts, serve Concord.

Telephones

The Concord Telephone Co., locally-owned, serves Concord and Cabarrus County with 9,144 telephones.

Schools

There are four white elementary and one high school and one colored school in Concord, with an enrollment of 2,587 white students and 923 colored students. Evans College of Commerce and Barber-Scotia College for Colored Women are located here.

Hotel and Motor Court Accommodations

The Hotel Concord has 100 rooms; the Colonial Motor Court, 40 units, and the Mayfair Motor Court, 14 units.

Churches

There are 36 churches, representing 18 denominations, in the city. Historic St. John's Lutheran Church, believed to have been founded in 1745, was one of the three mother

Cabarrus Country Club

churches of Lutheranism in North Carolina. One of the earliest Presbyterian churches was Rocky River, organized in 1751. The First Presbyterian Church and Central Methodist Church are the oldest churches of those denominations in the city. There are more than 100 churches in Cabarrus County, including one Catholic.

Recreation

The City sponsors a year-around recreation program and employs a full-time recreation director, and recently built a modern recreation building. Over and above the City recreation program, there is a private golf course, a private swimming pool; a public white swimming pool; a public colored swimming pool; tennis courts; high school football at Webb Field; indoor sporting events at the Armory; the modern Community Boys' Club with a full-time staff. There are three white theatres in Concord and one for Negroes.

Banks

The three banks in Concord have total assets of \$39,-403,051.15. There are three building and loan associations and a number of finance companies. There never has been a bank failure in Cabarrus County.

Hospital

Cabarrus Memorial Hospital has undergone an extensive expansion program. It is a modern 300-bed hospital, with the latest medical equipment and an excellent staff.

Water Supply

The City of Concord owns the water plant and the electric distribution system, and there is an ample supply of both water and electric power. A new and modern filter plant has recently been built, and a licensed chemist is in charge of the laboratory. The filter plant has a capacity of

Community Center Swimming Pool

6,000,000 gallons per day. At the present time there are 7,556 electrical connections and 6,073 water meters. This is by no means capacity for the electric or water plant.

Library

The Concord Public Library, located in the Community Center Building, has a regular staff of five. In addition to the 40,000 volumes in the Concord Library, the George Washington Carver Library, for colored people, has 2,500 volumes. The Concord Library also has a film service, and a bookmobile with 1,500 volumes, which makes two complete trips each month into every part of the county.

Fire and Police Protection

The Concord Police Department, staffed with 31 policemen, radio-equipped cars and ample armaments, can answer a call within five minutes to any part of the city.

The Fire Department is equipped with five fire trucks and one hose truck. Staffed with 15 paid employees and 15 volunteers, the Fire Department, is both modern and efficient.

Industry

Concord is an industrial community with many large and small industries. The industrial payroll amounts to several million dollars a year, and Concord manufactured products are sold throughout the world. The community has advantages to offer new industry, and new industry is welcomed by the people of Concord.

Tax Rate

The tax rate for the City of Concord is \$1.35 per \$100 valuation. The tax rate for Cabarrus County is \$.87 per \$100.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organization and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

CITY DIRECTORY USES

1. SALES PROMOTION:

a. Sales Analysis—

Comparing present amount of business obtained in a given area with possible maximum business in that area. The Householders' Directory shows the classes of business located on a street, in office buildings, in sections of the city, etc. In checking up salesmen's call on business in an assigned territory the directory presents a picture of how many places have not been reported upon, and shows a ready list of prospects for your goods or service.

b. Leads—

Determining proper official to approach for sales interview. The alphabetical listing for each business and professional concern, shows the names of the owners, partners or officers.

c. Selected districts—

Determining parts of city best suited for increasing business. The Householders' Street Directory shows the exact type of business or residences along each street of the city—and shows if the occupant of the home is the owner.

d. Building mailing lists and direct mail campaigns—

1. **List of local people (Neighborhood List)** within a given, radius of Business location. On a city map, draw a circle to include the territory you wish to cover in your neighborhood list. From the map you can obtain the name of each street with intersections in the circle you have drawn. In the Householders' Street Directory you will find the correct name of the occupant at each house, or building on these streets. This will give you a 100% list of the territory desired.
2. **Lists of business houses and the professions**—The business directory at the end of the book classifies every business and profession according to the nature of the business. Complete lists such as doctors, lawyers, printers, garages, auto dealers, furniture stores, contractors, etc., can be found in this classified directory section.
3. **Vocational Lists**—Such as clerks, stenographers, telephone operators, carpenters, salesmen, purchasing agents, laborers, etc. The alphabetical directory shows the occupation of every individual in the city.
Run over the alphabetical pages—check marking the persons whose occupation is the one wanted for your list. This will give you a complete and accurate list for the entire city.

2. CREDIT:

a. Verifying customer's statements and information.

b. Information about customer.

Correct name, address, where employed and wife's name is given in the alphabetical directory for every individual. Whether he rents or owns home is usually shown in the Householders' Directory.

c. Determining character and stability of applicant for credit.

This directory gives his present occupation and residence. By referring to each yearly edition of the directory for the past few years, it is quickly determined whether the applicant holds the same job and residence, or flits from one job to another and one residence to another. After the new directory is delivered to you keep the old one on file. Never destroy it. You'll find old ones invaluable in checking your past records.

FOR EVERY BUSINESS

d. Identifying applicant and applicant's references.

The alphabetical directory gives complete information for each individual. (See Information about customer). The references given by the applicant for credit, can be identified in the same manner—who they are, what position they hold, etc.

e. Collecting accounts.

Tracing and locating debtor. Locating other members of debtor's family or relatives.

3. DELIVERY AND SHIPPING:

a. Routing—laying out route for delivery.

Use description of streets in the Householders' Street Directory, with an indexed map of the city for locating and laying out delivery route.

b. Obtaining correct addresses.

Where numbers on shipping instructions are not plain, or only street is given, the correct number can be found in the alphabetical or Householders' Street Directory.

c. Locating streets, buildings, un-numbered houses.

A full description of every street—with location is given in the Householders' Street Directory. When the address given is an apartment or building without street and number being given, the alphabetical section will give you the correct street and number for that building. Many buildings on streets are not numbered—or badly numbered—making it difficult to find the building wanted. The Householders' Street Directory shows the location of the buildings along the streets.

4. PURCHASING:

The complete classified business section in the back of this directory, makes available all sources of goods wanted; assists in selection of most reliable and satisfactory firms to deal with; the nearest companies to facilitate delivery of purchases, and determining the proper official of firm to deal with. The standard classified headings are complete and show all firms under the proper headings. There are many special headings marked with an asterisk(*) showing firms in display type. These firms are progressive and desire a more complete classified representation of their products.

5. GENERAL INFORMATION:

The Alphabetical Directory lists—Persons' full name and correct spelling, occupation, where employed, street address of residence, if married gives wife's name, head of house or roomer, renting or owns home. Lists all corporations showing officers, all partnerships showing partners, all individual business showing proprietor. All public officers, clubs, associations, etc.

The Householders' Street Directory shows every street—a description of its location, all occupants on each street, the ownership of the property and all intersecting cross streets.

The Classified Business Directory shows all business in the city arranged under heading most descriptive of the nature of the business.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

LOOK—MODERNIZE the Plumbing, Heating, Electrical, or Sheet Metal Work in your Home or Rental Property, Business Buildings, Church or Parsonage—by using our NO-DOWN PAYMENT PLAN. Start payments sixty days after job has been COMPLETED. Three years to PAY, at less than 5% interest, with no extra fees or CHARGES of any kind. So why not enjoy these CONVENIENCES at the same time raising the VALUE of your property by making a small payment each month? Your COMPLETE plumbing installation including tub, lavatory, commode, sink, hot water heater, and septic tank—for approximately \$23.95 per month, interest included. Your oil fired Lennox or Esso warm air heating system for approximately \$25.50. Your oil fired hot water baseboard heating system for approximately \$31.90. You might like to replace your present Furnace or Boiler with a Modern or more Efficient Type; also build a New Bath Room, or finish out the one you have.

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

A STATEMENT OF ADVERTISING PRINCIPLES

1. Good Advertising ~ aims to inform the consumer and help him to buy more intelligently.
2. Good Advertising ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. Good Advertising ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. Good Advertising ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A "Yellow Section" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.

HILL'S CONCORD

Directory of Householders, Occupants of Office Build-
ings and Other Business Places, Including a
Complete Street and Avenue Guide

1955

Including Beverly Hills, Brown Mill, Cannon Mill, Franklin
Mill, Grove Park, Hartsell Mill, Jackson Park,
Shankletown, Sides Town and Silver Hill

Copyright, 1955, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

KNOW YOUR MONEY!**

**Don't Be Fooled by
Forgers
KNOW YOUR ENDORSERS!**

The Government never redeems counterfeit money!

1. **KNOW YOUR MONEY!** Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.

2. **COMPARE** a suspected bill with a genuine of the same type and denomination. Observe these things:

PORTRAIT *Counterfeit*—Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background.

Genuine—Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines.

**COLORED
SEAL**

Counterfeit—Saw-tooth points around rim are usually uneven, broken off.

Genuine—Saw-tooth points around rim are even and sharp.

**SERIAL
NUMBERS**

Counterfeit—Poorly printed, badly spaced, uneven in appearance.

Genuine—Figures firmly and evenly printed, well spaced.

PAPER

Counterfeit—Generally has no silk threads, but these may be imitated by very small red and blue ink lines.

Genuine—Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn.

3. **RUBBING** a bill on a piece of paper will *not* prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.

4. **CONSULT** an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.

5. **REMEMBER, NOT ALL STRANGERS ARE COUNTERFEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.**

This information is reprinted from the U. S. Secret Service 32-page booklet, "KNOW YOUR MONEY", which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10c each, or \$7.50 per 100, from the Superintendent of Documents, Government Printing Office, Washington, D. C.
